Adriana was only 18 when she found out she was pregnant. Despite the urging of doctors and friends to have an abortion, she #letlifewin. Little Nathaniel is the light

of her life and has touched the lives of so many. Today, Adriana is finishing her second year of university studying to become a psychologist.

Since 1969 over 4 million children have been aborted in Canada and this year we will lose another 100,000. Each life is precious. Each mother and child needs our protection and support. This year Campaign Life Coalition salutes the parents, doctors, politicians – and all men and women who #letlifewin.

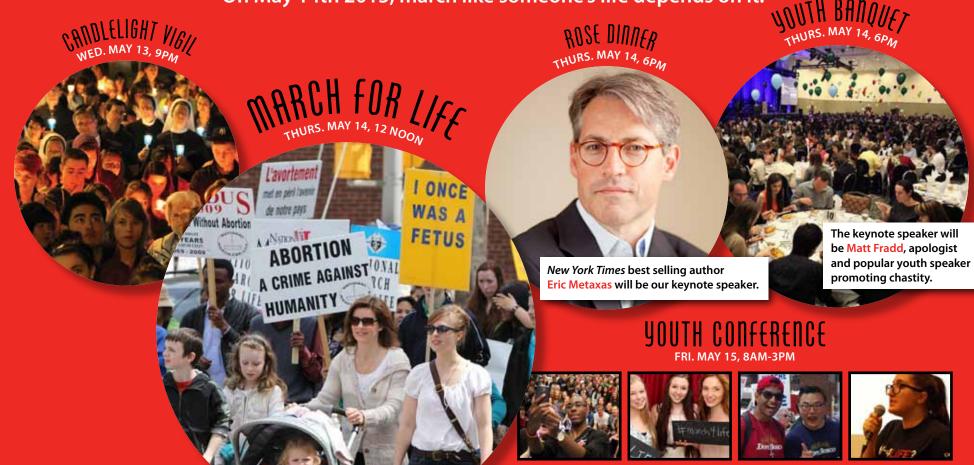

Please join us and #letlifewin
